Russell Joarder

West Chester, PA | (484) 983-2295 | rjoarder@bu.edu | linkedin.com/in/russell-joarder

EDUCATION

Boston University | Boston, Massachusetts
BA in Computer Science, Minor in Business Administration and Management | GPA: 3.7/4.0 — Expected May 2028
Relevant Coursework: Distributed Systems, Data Structures & Algorithms, Information Systems

EXPERIENCE

Boston University | Boston, MA
Software Engineer Intern — Sep 2026 – Present

- Building an LMS document accessibility scoring dashboard for Questrom School of Business, cleaning and aggregating course-level document data on **4.5 million files** by university program for historical trend reporting
- Designing frontend **Next.js** and **Power BI dashboard** for data visualization and on-demand accessibility reports

Comcast | Philadelphia, PA
Global Audit Technology Intern — Jun 2026 – Aug 2026

- Supported internal audit on Comcast's advertisement distribution business unit, Freewheel, focusing on information security, data protection, data classification, user access management controls, and privileged users management
- Tested data retention, encryption at rest and in transit, data classification, and privileged access controls against company standards according to defined policies for AWS infrastructure serving **100 million+ users** daily
- Documented testing results and presented findings from engagement to **SVPs and key stakeholders**

Erie Home | Exton, PA
Field Marketing Agent — Jun 2025 – Aug 2025

- Generated **$148,000** in gross sales by building rapport with homeowners under cold-contact conditions, identifying needs through active listening, and delivering clear value propositions in low-trust, high-rejection environments
- Ranked **top 10 in region** for July 2025 sales performance, demonstrating ability to perform under competitive targets

Let's Cook AIO (Acquired Dec 2024) | West Chester, PA
Co-Founder — Sep 2022 – Dec 2024

- Co-founded a subscription-based digital community for e-commerce resellers; designed platform architecture and growth strategy that scaled to **$11,000+ MRR** and supported **838 total paid subscribers**
- Coordinated **30+ contractors** delivering member content and operations for a **4,000+ user** broader community

PROJECTS

Polymarket Sentiment Bitcoin Trader | github.com/russelljoa/turkeytrader — August 2026

- Architected a **Python-based** quantitative trading **data platform** processing data from 5 crypto exchange data sources, allowing for cryptocurrency and prediction market research; includes backtesting **CLI tool** for strategy testing
- Developed **concurrent data ingestion** and processing pipelines using asyncio, multithreading, REST APIs, and WebSockets, aggregating high-frequency, ms-level, time-adjusted prediction market data for statistical modeling

Parrot Drop | parrotdrop.com — Dec 2026

- Architected a full-stack file/media sharing platform with ephemeral lifecycles, short-link sharing, and real-time delivery, with a clutter-free UX, designed to address friction points in existing sharing tools
- Scaled to **100+ users** and **2.1TB total transfers** while maintaining secure access controls with **KMS** encryption at rest, **TLS 1.3** encryption in transit, and using S3 signed URLs for secure delivery, ensuring secure storage of user data & PII
- Implemented a **Next.js** (TypeScript) frontend and **Node.js REST API**; **AWS S3** buckets for object storage, **MongoDB** for metadata, **JWT authentication**, and **WebSockets** for real-time updates

LEADERSHIP & ACTIVITIES

Vice President of Technology | **Boston University Blockchain** — May 2025 – Present
